Task Description

Project Title: PowerPoint Image Review and Textbook Alignment
Date: June 5, 2026

1. Project Overview

The purpose of this project is to review a set of PowerPoint presentations and assess the usage of images, with a focus on identifying opportunities to align visual content with approved textbook materials which are within copyright usage. The goal is to review images to ensure they are permissible for use.

2. Objectives

1. Identify images currently used in PowerPoint slides.
2. Determine whether images:
    - Originate from the assigned textbook, OR
    - Could be replaced with textbook images (especially diagrams, figures, charts, and other instructional visuals).
    - Prioritize review of instructional diagrams and figures.
3. If time permits, review generic stock images for replacement.

3. Scope of Work

You will:

3.1 Content Review

1. Review assigned PowerPoint files stored in SharePoint.
2. Examine slides for visual elements, including:
    - Diagrams
    - Charts
    - Concept illustrations
    - Figures
3. Exclude or deprioritize:
    - Decorative or stock photography unless inappropriate or misleading.

3.2 Evaluation and Documentation

For each relevant image:

1. Indicate whether the image:
   - Appears to be sourced from the textbook
   - Is not from the textbook but could be replaced
   - Is appropriate as-is
2. Provide brief comments directly in PowerPoint using the commenting feature:
   - Suggest replacement where applicable
   - Include textbook figure reference if identifiable
   - Note any concerns (e.g., accuracy, clarity, consistency)

3.3 Deliverables

Completed PowerPoint files with comments inserted

4. Tools and Resources Provided

Access to SharePoint repository containing PowerPoint files

Instructions for:

- Navigating SharePoint
- Adding comments in PowerPoint
- Access to the assigned textbook (digital link or platform)

(Resources will be provided separately or appended to onboarding communication.)

5. Timeline

Start Date: Immediate

Expected Completion: 31 July 2026

Progress check-ins: Coordinated with supervising faculty

Anticipated workload: 10 hours/week

6. Reporting Structure

The graduate student will:

- Provide updates and progress reports to supervising faculty
- Copy or include Rebecca Yost as appropriate for visibility

Any questions regarding scope or expectations can be directed to Rebecca Yost and supervising faculty.

7. Communication Expectations

Maintain clear, concise comments within PPT files

Raise questions early if:

- Textbook alignment is unclear
- Slides contain ambiguous or complex visuals
- Provide periodic updates on progress, especially for large file sets
